

MASP2

Research Grade Narsoplimab

Catalog No.	DHA04501A DHA04501B	Quantity:	100 µg 1.0 mg
Alternate Names:	OMS721, CAS: 2108782-45-0		
Description:	Research Grade Narsoplimab is a human monoclonal antibody which targets human Mannan-binding lectin serine protease 2		
UniProt ID (target):	O00187		
Target:	Human Mannan-binding lectin serine protease 2		
Concentration:	1.0 mg/ml, lot specific		
Source:	XtenCHO		
Isotype:	Human IgG4 lambda		
Formulation:	0.01M PBS buffer, pH 7.4		
Purity:	> 95% by SDS-PAGE		
Endotoxin Level:	≤ 0.01 EU/µg by LAL analysis		
Purification:	Protein A/G affinity chromatography		
INN:	Narsoplimab		
Applications:	Functional studies		
Storage & Stability:	Store at 2-8°C for up to 1 week, or in working aliquots at -20°C to -80°C for up to 1 year. Avoid freeze/thaw cycles.		

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
