

clfA

Research Grade Tefibazumab

Catalog No.	DXX04801A DXX04801B	Quantity:	100 µg 1.0 mg
Alternate Names:	Aurexis, CAS: 521079-87-8		
Description:	Research Grade Tefibazumab is a humanized monoclonal antibody directed against Clumping factor A of <i>Staphylococcus aureus</i> .		
UniProt ID (target):	Q53653		
Target:	Clumping factor A of <i>Staphylococcus aureus</i>		
Concentration:	1.0 mg/ml, lot specific		
Source:	XtenCHO		
Isotype:	Human IgG1 kappa		
Formulation:	0.01M PBS buffer, pH 7.4		
Purity:	> 95% by SDS-PAGE		
Endotoxin Level:	≤ 0.01 EU/µg by LAL analysis		
Purification:	Protein A/G affinity chromatography		
INN:	Tefibazumab		
Applications:	Functional studies		
Storage & Stability:	Store at 2-8°C for up to 1 week, or in working aliquots at -20°C to -80°C for up to 1 year. Avoid freeze/thaw cycles.		

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
