

MOG

Humanized Anti-Human/Mouse/Rat MOG (8-18C5) mAb

Catalog No.	FRH33510A FRH33510B	Quantity:	100 µg 1.0 mg
Alternate Names:	Myelin-oligodendrocyte glycoprotein		
Description:	Humanized monoclonal antibody to Myelin-oligodendrocyte glycoprotein. Reacts with human, mouse, rat and bovine MOG.		
UniProt ID (target):	Q16653 Human Q61885 Mouse Q63345 Rat		
Specificity:	Human, Mouse, Rat, Bovine MOG		
Concentration:	1.0 mg/ml, lot specific		
Source:	Mammalian cell line		
Isotype:	Human IgG1 kappa		
Formulation:	0.01M PBS buffer, pH 7.4 containing 0.09% sodium azide		
Purity:	> 95% by SDS-PAGE		
Purification:	Protein A/G affinity chromatography		
Applications:	ELISA, FCM, ICC, IHC, WB		
Storage & Stability:	Store at 2-8°C for up to 1 week, or in working aliquots at -20°C to -80°C for up to 1 year. Avoid freeze/thaw cycles.		

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
