

## Mouse Anti-Human Secretory Component (Clone SC-05) mAb

|                                 |   |                  |        |
|---------------------------------|---|------------------|--------|
| <b>Catalog No.</b>              | MON3021   | <b>Quantity:</b> | 100 ug |
| <b>Description:</b>             | MON 3021 reacts with 80 kDa human secretory component glycoprotein (both free and bound in secretory IgA). Recognized glycoprotein is specific membrane marker of glandular carcinomas. |                  |        |
| <b>Concentration:</b>           | 1 mg/ml   |                  |        |
| <b>Specificity:</b>             | Secretory Component   |                  |        |
| <b>Host:</b>                    | Mouse   |                  |        |
| <b>Immunogen:</b>               | Affinity-purified secretory component from human colostrum  |                  |        |
| <b>Isotype:</b>                 | IgG1  |                  |        |
| <b>Clone:</b>                   | SC-05   |                  |        |
| <b>Formulation:</b>             | Purified antibody in PBS containing 15 mM sodium azide  |                  |        |
| <b>Applications:</b>            | WB, IHC, IP   |                  |        |
| <b>Storage &amp; Stability:</b> | Store at 2-8°C for up to 1 year.  |                  |        |

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
