

LY6G6D

Anti-LY6G6D/MEGT1 (R2W47) mAb

Catalog No.	RHB78001A RHB78001B	Quantity:	50 µg 100 µg
Alternate Names:	Lymphocyte antigen 6 complex locus protein G6d, Protein Ly6-D, Megakaryocyte-enhanced gene transcript 1 protein, LY6G6D, C6orf23, G6D, MEGT1, NG25		
Description:	Monoclonal Mouse Anti-LY6G6D/MEGT1 (R2W47) targets Human, Rat, Monkey, Mouse Lymphocyte antigen 6 complex locus protein G6d (LY6G6D) and is purified by affinity chromatography.		
UniProt ID (target):	O95868		
Target:	Human, Rat, Monkey, Mouse Lymphocyte antigen 6 complex locus protein G6d		
Concentration:	1.0 mg/ml, lot specific		
Source:	Mammalian cells		
Isotype:	Mouse IgG1		
Formulation:	0.01M PBS buffer, pH 7.4, 0.05% sodium azide		
Purity:	> 95% by SDS-PAGE		
Clone:	R2W47		
Purification:	Protein A/G affinity chromatography from cell culture supernatant		
Applications:	ELISA: suggested dilution 1:10,000 FCM: suggested dilution 1:200-1:400 IF: suggested dilution 1:200-1:1,000 WB: suggested dilution 1:500-1:2,000		
Storage & Stability:	Store at 2-8°C for up to 1 week, or in working aliquots at -20°C to -80°C for up to 1 year. Avoid freeze/thaw cycles.		

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
